**PACE EDWARDS**

**#1 RETRACTABLE TRUCK BED COVER**

**PACE EDWARDS**

## PACE EDWARDS

*Year after year Pace Edwards sells more retractable hard tonneau covers than any of our competitors. Why? Our commitment to product quality and innovation! Pace Edwards Roll-Top-Cover® was the original retractable cover and still provides great value over 18 years later. The JackRabbit™ combines all the features of the original plus the added functionality of LoProfile design, multi position locking and recessed handle. The JackRabbit Full-Metal™ cover has all the functions of the JackRabbit with the security of an all-metal powdercoated aluminum deck cover. Our exclusive Bedlocker® opens and closes at the touch of a button. Electronically! Exactly what you would expect in a premium cover from the worlds #1 manufacturer. Pace Edwards products are serviced and installed by the largest network of professional dealers in North America. No matter if you are traveling or relocate, you can be assured that a Pace Edwards dealer is nearby.*

*Pace Edwards is constantly improving on what we already do well. With current upgrades to our machinery, and streamlining of the manufacturing process everything we do has the end product and the satisfaction of our customers in mind.*

*At Pace Edwards, we enjoy what we do. As enthusiasts ourselves, we take pride in providing our valued customers with timely, accurate, and friendly service. After all, we're in this together! That is why we offer an array of direct benefits to YOU ranging from our technical support, quick and accurate shipments, and a thorough knowledge base of each product we offer. Our commitment to your satisfaction is our #1 goal at Pace Edwards.*

*Pace Edwards takes great pride in manufacturing products that provide our customers with years of trouble free service. Everything we do in the manufacturing process is done with that goal in mind. Our raw materials and suppliers are carefully selected based on quality and knowledge. We have a*

*highly skilled and trained workforce with years of experience to ensure excellent workmanship.*

*At Pace Edwards we are confident you cannot find a higher quality cover on the market today. So confident, in fact, that we are the only retractable truck bed cover manufacturer to provide a 3-year warranty! Standard on all Pace Edwards covers our No-Worry™ Warranty provides complete coverage on all components for 3 years. Contact Pace Edwards or an authorized installer for full details.*

### **Gas Mileage Savings**

*Based upon a study performed at Western New England College School of Engineering, reducing drag due to air flow in the truck bed with a tonneau cover will result in an 11.81% decrease in drag as compared to a truck bed without a cover.\* By installing a Pace Edwards retractable truck bed cover you could decrease your fuel consumption by over 11%. And because Pace Edwards truck bed covers roll up automatically into a canister at the front of the bed, they are much more practical and convenient to use than soft vinyl or fiberglass tonneau covers.*

### **Fifth Wheel Hitch Friendly**

*All of our covers can be used over 5th wheel hitches. Giving you the ability to store your gear in the bed of the truck and cover and secure it when the trailer is detached.*

\*Results may vary.

#1 RETRACTABLE TRUCK BED COVER

# BEDLOCKER®

Electric Retractable Truck Bed Cover

BedLocker is Pace Edwards' innovative electric retractable tonneau cover. Its flush mounted clamp-in design and textured black finish offers tremendous strength, security, durability and style. Operated via remote control, BedLocker opens and closes at the touch of a button in less than 30 seconds and can be stopped at any point. The BedLocker remote control can be wired to lock your power door locks as well as our optional PowerGate™ electric tailgate lock to provide complete remote security for your truck. With its drop-in clamp-in design, BedLocker requires no drilling on most applications and installs in less than one hour. The BedLocker provides a cargo light for optimal visibility and is equipped with a powerful motor drive for the ultimate in performance and reliability.

BEDLOCKER

*"The Pace Edwards Bedlocker has assisted me greatly in my line of work.*

*The versatility is awesome, I can push one button and open it up for loading construction materials, tools and parts. With the locking system, I know that my valuables are safe and protected."*

*-S. Carlson, Corona, CA*

*Built in Cargo Light to make locating items in the dark as easy as the touch of a button.*

*Bedlocker is made of tough powder-coated aluminum panels interlocked for strength and flexibility.*

# BEDLOCKER

*"We recently had a customer come into our retail store looking for a tonneau cover. He was struggling to find a compromise between the flexibility of a vinyl cover and the security of a fiberglass one. We offered him a Pace Edwards' Bedlocker and he was thrilled to find there was no need for compromise. Thanks for a great product"*

*-C. McDevitt,  
S. Burlington, VT*

*Yes there is a cover on that truck! Flush with the top of the bed rail, Pace Edwards' LoPro canister design provides a sleek look that enhances the beauty of your truck.*

*Electrically operated via remote control, Bedlocker can be locked in any position allowing infinite use of the truck bed. Automotive Grade electronics ensure trouble-free operation.*

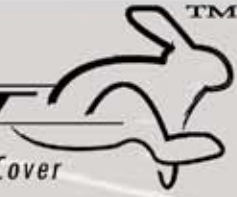

*Pace Edwards' patent pending speed clamps make installation quick and easy without the need to drill holes in your valuable truck bed.*

#1 RETRACTABLE TRUCK BED COVER

# JACK RABBIT™

Retractable Truck Bed Cover

Pace Edwards' JackRabbit™ Cover, retracts automatically allowing full use of your truck bed. Our exclusive Continuous Tension Spring™ (CTS) allows the hard tonneau cover to open automatically when the latch mechanism is turned and close easily with the use of a pull strap. The cover latches and can be locked into position every 12 inches. With its patented new easy-to-use, no-drill, Speed Clamp™ system, the JackRabbit retractable truck bed cover can be installed in as little as 15 minutes!

JACKRABBIT

*The construction is good. The rails feel very solid once installed. The mechanism is easy, the movement is smooth.*  
-T. Albe, Branford, CT

Flush with the top of the bed rail, Pace Edwards LoPro canister design provides a sleek look that enhances the beauty of your truck. (LoPro may not be available on Extra Short Bed models.)

Pace Edwards ArmorTek deck material combines roll formed aluminum panels with automotive grade vinyl. This unique composite cover gives you all the strength you need and the good looks you want!

Weather sealed, low profile Latch n'Lok operating system allows the cover to be latched every 12" providing maximum use of your bed. The latch is offset to the driver's side so you don't have to crawl into the box to lock the cover when partially open.

**JACKRABBIT**

# NEW! FULL METAL JACK RABBIT

*Combining all the great operating features of the original JackRabbit with the strength and durability of an all-metal deck, JackRabbit Full Metal is the toughest, best looking retractable cover on the market!*

*Pace Edwards exclusive Continuous Tension Spring allows the JackRabbit to be closed with the least amount of effort in the industry. Over 50% less than some of our competitors!*

*Thicker, lighter and stronger than aluminum, the JackRabbit canister is constructed of thermoformed ABS, a composite material widely used in exterior truck applications because it won't dent or rust. No additional bulky shields required!*

*JackRabbit Full-Metal Deck is made of tough powder coated extruded aluminum panels, interlocked for strength and durability.*

**800-338-3697**

# EXPLORER SERIES™ RAILS

*Secure valuable equipment in the truck bed while simultaneously carrying recreational gear above the cover*

*Can be ordered in place of standard rails on any JackRabbit, JackRabbit Full-Metal or Bedlocker application.*

*Installs quickly and easily using the Speed Clamp (no drilling required.)*

*Explorer Series Rails provide the ability to use many different brands of racking components with Pace Edwards Bedlocker, JackRabbit, or JackRabbit Full-Metal covers.*

**ACCESSORIES**

## UTILITY RIG RACK\*

*Versatile, easy to use, rack system allows you to carry cargo above your truck bed cover.*

*Aluminum trusses provide exceptional front-to-rear stability.*

*Rust-proof racking system features a removable rear truss for easy loading and unloading of larger items.*

*Stainless steel fasteners used on all components and accessories for long-wearing durability.*

*PVC insert on rear crossmember for smooth, low-friction loading and unloading of cargo.*

## CONTRACTOR RIG RACK\*

*Tough Rack system designed for the professional contractor but versatile enough for the do-it-yourselfer.*

*Aluminum extension beams provide support for longer loads.*

*Rust-proof racking system features a removable rear crossmember with adjustable handles for easy loading and unloading of larger items.*

*Stainless steel fasteners used on all components and accessories for long-wearing durability.*

*PVC insert on rear crossmember for smooth, low-friction loading and unloading of cargo.*

*Includes 4 work winches for securing loads on the rack.*

\* Must be used with the Explorer Series Rails and a Pace Edwards JackRabbit, JackRabbit Full-Metal or Bedlocker cover.

*Stainless steel fasteners used on all components and accessories for long-wearing durability.*

*The Utility Rig has a removable rear truss for easy hauling of larger items.*

*Contractor rack features a removable rear crossmember.*

*Contractor Rack includes 4 work winches for securing loads to the rack.*

# #1 RETRACTABLE TRUCK BED COVER

These Truck Bed accessories make great additions to any Pace Edwards Truck Bed cover.

## **POWERGATE™** ELECTRIC TAILGATE LOCK

**Locks your tailgate everytime you lock your doors.**

Make your truck bed totally secure by installing one of our PowerGate tailgate locks along with your Pace Edwards Tonneau cover.

Easily installed using the plug-and-go wiring harness with special relays to protect your trucks electrical system.

Includes Stainless steel backing plate and slide bolt with nylon guide block.

Optional switch kit available for vehicles without power door locks.

Protect your valuables!

## **BEDRUG**

**Rugged, weather proof, plastic construction bedliner works with any Pace Edwards truck bed cover.**

Nonskid surface with a molded foam bottom that will not scratch your truck bed. Tough protection for any truck bed preventing scratches and dings with a firm cushion for fragile cargo.

Easy to clean-with soap and water. Odors will not stay once flushed from the carpet.

Easy Installation, fits like a glove. Heat and pressure molded specifically to fit each truck model.

All bed features such as: 2 tier loading, load locking slots, & tie down devices remain usable.

Waterproof and Stain Resistant - Closed-cell foam bottom will not soak up ANY liquid. Acid, Grease and Chemical Proof.

# WEATHERGATE™ Tailgate Seal

**Keeps extreme weather and road dust from entering through the tailgate**

Rubber seal designed specifically to keep out extreme dirt & moisture.

Universal application conforms to tailgate dimensions.

Easily installed in minutes with pre-affixed double faced tape.

**CARE & MAINTENANCE**

# Cleaner & Protectant

Pace Edwards UV Protectant preserves and conditions plastic, fiberglass, vinyl, and rubber without the harmful effects of alcohol, plasticizers, or harmful silicones. Do not settle for inferior products that breakdown polymers!

## Vinyl Cleaner

Non-abrasive formula designed to prepare surfaces for conditioning  
pH balanced and biodegradable

The first step for restoring, maintaining and protecting vinyl, rubber and plastic

## UV Protectant

Penetrates, bonds and protects vinyl, rubber and most plastics

Does not easily wash off

Lasts up to 10 times longer than other products on the market

Screens out destructive UV light

Recommended for use on Pace Edwards Roll-Top-Cover and JackRabbit tonneau covers. Ask for Pace Edwards Restoration Kit (Part # 30) which includes one of each the cleaner and protectant.
